

Long term Goals

1. Holding AGM/SAGMs to discuss:
 - a. Ratify the constitution with approval of the membership
 - b. Increasing membership fee/student levy
 - i. Hold a meeting to referendum this BEFORE Nov 15.
 - c. General feedback on all student groups
2. Website
 - a. Making Documents public: summary of meeting minutes, event calendar, budget and year-end reports
 - b. Making a public calendar with competitions and opportunities for students to refer to
3. Setting up other social services and processes: more transparency on how to apply for funding, forms for social media requests, new student groups/initiatives, website change request, suggestion box, more competition opportunities, resource tab
4. Collaborating with other student societies on projects and events to build a firm relationship for the future
5. Setting up a yearly Ryerson Architectural Science exclusive competition with possible faculty and field professionals as a jury with incentives to boost morale and give an opportunity to those who don't have the chance to take part in other school projects.
6. Send email to alumni around May + August to remind them they can renew Membership.
7. Merging arc.soc + ACU, academic associate
